

Sweepstakes

Drawing February 26, 2024 – **No purchase necessary**

To enter: Send email to corkscrew@bullworks.net with “Sweepstakes” in the subject line and your name and address in the message.

There are five 1949 Ross Pig Corkscrew Prizes. Howard L. Ross designed the two inch tall pig. He used the snout for a bottle cap lifter and he used the tail to pull a cork. He was granted U. S. Design Patent No. 154,880 on August 16, 1949. Ross pigs are known in black, red, cream, yellow, and green colors. The pig was marketed as “Cap’n Corky.”

All names will be placed in an ice bucket and the winning entries will be drawn on February 26, 2024. Deadline for entry is Feb. 21, 2024. Each winning entry will receive one pig.
